ANNUAL REPORT
OF THE
ELECTION DEPARTMENT

FOR THE YEAR ENDING JANUARY 31, 1911.

BOSTON, March 28, 1911.

HON. JOHN F. FITZGERALD,
Mayor of the City of Boston:

SIR,— In compliance with section 24 of chapter 3 of the Revised Ordinances, the Board of Election Commissioners respectfully submits its annual report.

NUMBER OF VOTERS.

At the city election held January 11, 1910, the number of male voters on the list was 112,265. The number of such voters on the first list published by the Board July 15, 1910, was 101,647. From that time to the close of registration for the city election there were added the names of 9,622 male voters. The number of male voters on the final list sent to the polls on the day of the city election, held January 10, 1911, was 110,223, a decrease of 2,042.

There were 11,912 female voters registered for the city election in 1910. There were 11,269 female voters registered for the city election in 1911, a decrease of 643. The total decrease of male and female voters from the preceding city election was 2,685.

LAWS RELATING TO ELECTIONS.

Among the laws enacted by the General Court during the session of 1910, which amended the general laws relating to elections, are the following acts:

Chapter 55, entitled "An Act to Prohibit the Publication of Unsigned Political Advertisements, Circulars and Posters in Certain Cases," places the same restrictions around the publication of any paid matter in a newspaper or other periodical which is designed to aid, injure or defeat a constitutional amendment, or any other question submitted to the voters as now surrounds the publication of any such matter in reference to a candidate; and also the same safeguards around such matter in circulars and posters.

Chapter 182, entitled "An Act Relative to the Filling of Vacancies in Nomination Papers," provides: "If at any time subsequent to the expiration of the time for filling vacancies it shall appear that a vacancy has been created by death, the chairman of the city or town committee may file with the city or town clerk or, in Boston, with the election commissioners, a new name to fill such vacancy; and if the time is sufficient therefor, the new name shall be printed upon the official ballot."

Chapter 200, entitled "An Act Relative to the Placing of Statements on Nomination Papers," provides that a candidate for renomination, if he has held public office, may state so on his nomination paper, provided he is at the time an incumbent of the office for which he seeks a renomination for another term, but not otherwise.

USE OF SCHOOLHOUSES FOR ELECTION PURPOSES.

On May 9 the Election Commissioners held a conference with the School Committee with reference to the location of polling places in school basements. At that conference the secretary of the School Committee "was directed to notify the Election Board that in pursuance of the understanding reached at the conference held with that Board this day, the Election Commissioners are to be allowed the use for polling places of the same rooms in schoolhouses as were occupied for this purpose at the last city election, and of such additional rooms as the School Committee may permit during the current year; that the question of the propriety of the School Committee exacting rental from the Board of Election

Commissioners and the amount thereof shall be referred to the Finance Commission; and if the Finance Commission shall decide that a charge for rental on the part of the School Committee is proper; the Board of Election Commissioners will include whatever amount the Finance Commission has determined is proper in its estimates for the ensuing year, and will endeavor in good faith to secure from the Mayor and the City Council an appropriation to cover such expense."

In accordance with this understanding the matter of rental was referred to the Finance Commission which, on June 3, recommended that the School Committee establish charges for the use of school buildings by the Election Commissioners and that if no agreement could be reached between the departments in reference to the amount of rental, the Finance Commission would undertake to decide what the proper rates should be. As the Election Board and the School Committee were unable to agree on the amount to be charged as rental for the use of school basements for election purposes, this matter was also referred to the Finance Commission for consideration. At the time of writing this report the commission has not as yet rendered a decision in this matter.

VOTING BOOTHS.

As the use of school basements for polling places has proved beneficial from all points of view to the municipality and as such use no doubt will be a permanent one, at least so far as this department is concerned, the Election Board was confronted with the question of disposing of a number of its iron voting booths. In connection with this matter the following letter was addressed to his Honor the Mayor:

The Election Department has stored in Roxbury, South Boston, East Boston and Charlestown sixty-nine iron voting booths, with sixty-eight stoves therein.

By reason of the fact that the Election Department now uses a number of basements in schools as polling places, these booths have become no longer necessary for use in this department.

Because the use of school basements for polling places does not discommode the schools for school purposes, and because this arrangement is of economical advantage to the city, the practice of locating such polling places in these basements no doubt will be permanent.

The matter of nominal rent for the use of such basements was placed by the School Committee before the Finance Commission, which has this matter now under consideration.

By disposing of these booths the Election Department will save the rental of two lots on which they are stored and the ordinary repairs of these booths.

Your Honor has suggested that some other departments of the city may have use for some of these booths. We shall be glad to transfer, under your direction, to other departments such booths as they may need.

As the value of the remainder may be above the sum of \$500, this department requests authority from the city government to sell the whole, with stoves, or any part thereof, to the highest bidder or bidders.

In accordance with the suggestion of his Honor, the various departments were notified of this matter. We have had requests in writing from other departments for a number of booths and the transfer of such booths to other departments is now taking place.

REGISTRATION BEFORE PRIMARY.

In former years the only evening registration at the ward registration places was held preceding the state and city elections. No evening registration was ever held at the ward registration places preceding the primaries. This year the Board voted to open such registration for three evenings preceding the primary. Two thousand one hundred thirty-eight voters were registered at these three sessions. The results attained may warrant the Board in following this precedent.

RECOUNTS.

The recount of votes cast for candidates at the state election was unusually small. Petitions were filed only for the recount of the votes cast for Congress in Ward 6 and for Representatives in Wards 21 and 24. Instead of recounting such votes in Faneuil Hall, as is customary, the recount was held at the office of the Election Department and was finished in one day.

For the first time in the history of the Board no petitions for recount of votes were filed after the city election. In connection with this matter of recounts we insert here the following letter addressed to the Election Laws Committee of the House of Representatives:

Election Laws Committee of the House of Representatives:

GENTLEMEN,— We have received a letter asking for opinion on bill entitled, “An Act Relative to the Recounting of Votes Cast at Caucuses and Elections in the City of Boston.”

We would say that the Election Board is opposed to this bill and Mayor Fitzgerald of Boston has authorized Arthur L. Spring, Esq., of the Law Department, to appear in opposition to it.

In most every state recounts are not allowed unless the petitioners present to a court of competent jurisdiction affirmative evidence of fraud or other matters sufficient to authorize the court to order a recount.

In Massachusetts, however, the law is extremely liberal in this matter. No affirmative evidence of fraud whatsoever is required. In Boston a recount may be had if fifty or more voters of a ward sign in person and file with the Election Commissioners a statement sworn to by one of the signers that they have reason to believe, and do believe, that the records made by the election officers in such ward are erroneous, specifying the error, and that they believe a recount will affect the election of candidates, specifying the candidates, or will affect the decision of a question, specifying the question.

Formerly a recount could be had in Boston upon a petition of ten voters of a ward, but recounts at that time were so numerous and for such frivolous reasons that the Election Board in 1904 advocated the passage of a bill requiring fifty signers of each ward, and this bill became law and is now chapter 293 of the Acts of 1904. (See section 300, chapter 560, Acts of 1907.)

The bill now under discussion throws wide open the opportunity for unnecessary recounts. It provides in substance that any candidate whose vote is equal to 80 per cent of the vote of a candidate nominated at a primary or elected at an election shall be entitled to a recount both for himself and for a candidate so nominated or elected by filing a petition in writing with this Board.

In other words, in a representative district casting 3,600 votes, if the successful candidate received 2,000 and the defeated candidate received 1,600, the defeated candidate would have the right of a recount. In a senatorial district casting 10,800 votes, if the successful candidate received 6,000 and the defeated candidate 4,800, the latter would have a right to a recount. If in the entire City of Boston the successful candidate received 50,000 and the defeated candidate received 40,000, the latter would have a right to a recount. This seems to be the acme of absurdity.

At the recount of the votes cast at the municipal election in 1907, there was a net change between Mr. Fitzgerald and Mr. Hibbard of 9. In the recount of votes cast at the last municipal election, there was a net change between Mr. Fitzgerald and

Mr. Storrow of 13 votes. In the former election there were 91,000 votes cast and in the latter election there were 95,895 votes cast.

There has never been a case where a candidate receiving about 80 per cent, or anything near it, of the votes cast for a successful candidate was declared elected by a recount. In fact the changes in candidates by a recount in Boston have been few and far between, and then only when the difference between the candidates in the district was only a very small number of votes. There has never been a change in the recount of a person declared elected alderman-at-large, and in the last seven years only three or four changes in persons elected to office, and this occurred in districts where the difference between candidates was a very small number of votes,—less than 1 per cent.

This bill ought to be entitled “A Bill to Recount all the Votes Cast at Primaries and Elections in Boston.”

If this bill becomes a law, persons would avail themselves of the provisions of it, not because they believed there was an error and for the purpose of ascertaining who was elected, which is the true purpose of a recount, but for the most frivolous reasons imaginable.

We are also opposed to it because of the additional expense it would entail on the City of Boston. This bill would increase the number of recounts and would entail an increased expenditure of money.

We are of the opinion that the present law is working well in this city and has accomplished all the purposes intended.

This bill failed of passage.

ELECTION OFFICERS.

The statutes provide that the election officers shall be so appointed as equally to represent the two leading political parties, except that, without disturbing the equal representation of such parties, not more than two such election officers, not representing either of them, may be appointed.

Following the custom of years the election officers of Boston are equally divided between the two leading political parties, and as far as their political affiliations go they represent such parties. In the performance of their obligations, however, as election officers we are of the opinion that they faithfully and impartially discharge the duties imposed upon them, representing in these functions in which they serve the people and

not the party. Before entering upon their duties they are sworn before the Election Commissioners at meetings held for this purpose. Each Election Commissioner holds usually three meetings at which he instructs the election officers in matters relating to their work. In addition to such meetings, which were customary, the Election Commissioners called together this year all the wardens of the city for additional instructions. The Election Board met the wardens at three meetings held in the old aldermanic chamber in City Hall, where the chairman called their attention specifically to the instructions set forth in the pamphlet entitled "Instructions to Election Officers," and gave them additional instructions in the duties relative to their position.

The work of the election officers for the past year has been eminently satisfactory. In fact, we note with appreciation that the election officers have greatly improved in efficiency.

NOMINATION PAPERS.

The present law provides that one of the signers to each nomination paper for the nomination of candidates at elections shall make oath to the statements contained therein. We recommend that this provision be repealed. Any signer of a nomination paper, including the first signer, may make such oath. As a general rule the signer who makes oath knows nothing about the nomination paper, except that he has signed the same. A nomination paper containing signatures of voters is invalid without this jurat. Moreover, a nomination paper containing the signatures of voters which is sworn to by a person who, although a signer, is not a registered voter is also invalid. Again, a registered voter who makes oath may not be qualified to sign such paper because he has exhausted his right, having already signed as many nomination papers for the office as there are persons to be elected thereto. It is difficult enough to get signatures without imposing this hardship, which adds nothing, in our opinion, to the genuineness of the paper.

It has been contended that the Election Commissioners have the right, when nomination papers for city offices are requested at this office, to insert the name of the candidate for whose use they are obtained. We

believe we have no such right. Nomination papers must be issued on the day after the state election. Any voter has the right to obtain the same; any association of voters can request this Board to issue them to it. In some cases they are issued before such association of voters have determined upon the candidates. Moreover, the Board must issue such nomination papers substantially in the form provided for by the statute.

We suggest the following amendment:

In Boston candidates for nomination for city offices shall request in writing of the election commissioners, giving their names, with the first or middle name in full, the offices for which they are candidates, their residence, street and number, if any, that nomination papers be issued to them. Forthwith the election commissioners shall print or insert on a sufficient number of nomination papers the names of the candidates, the offices for which they are nominated and their residence with street and number, if any. The election commissioners shall issue the nomination papers so prepared to the candidates or their duly authorized representatives.

CONDUCT OF ELECTIONS.

At every primary and election persons ask election officers, before the public declaration of the vote, how many ballots have been cast. This information is generally refused, because the election officers are aware of the law providing that no election officer, before the public declaration of the vote, shall make any statement of the number of ballots cast. This law was originally passed in 1874. At that time the old-fashioned ballot boxes with slides were used for receiving ballots. In 1884 a law was passed providing for the present form of ballot box, which, besides having sufficient locks and keys or seal fastenings, contains mechanical devices for receiving, canceling and registering every ballot deposited therein. Accordingly every ballot box has thereon a dial, called a ballot box register, which, if in perfect working order, registers the ballots cast one by one. At the present time a voter of a precinct, when casting his ballot, has the right to ascertain the number which appears on the ballot box register, which is supposed to be the number of ballots cast, and to give this information, if he so desires, to the public. No good reason, therefore, appears to us in forbidding election officers to give that information which the public, in any event, may obtain in the circuitous manner above

described, especially in view of the fact that it will not vitiate in any way the purity of elections. We therefore advocate the passage of an act allowing election officers, upon request, to give the number that appears upon the ballot box register.

NEW DIVISION OF WARD TWENTY.

Precinct six of ward twenty having contained at the last city election more than one thousand voters, it became necessary, under the statute, to make a new division. Precincts four, six and fourteen were divided into four precincts, numbered 4, 6, 14, 16. Precinct four now contains, according to the last registration, 681 voters; precinct six, 677 voters; precinct fourteen, 741 voters, and precinct sixteen, 733 voters. The City of Boston now contains 206 voting precincts.

COMPLAINTS OF ILLEGAL REGISTRATION.

There were none.

REVISION OF VOTING LIST.

The names of 1,046 voters were stricken from the voting list by reason of death, removal from the city and other causes. This is the largest number of names removed from the voting list in any one year since the establishment of the Election Board.

A general belief exists that if a person is entitled to vote at a state election he is entitled to vote at the following city election, notwithstanding the fact that he has changed his domicile from this city to some other town or city. That is not the law. It is true that no person otherwise qualified to vote for national or state officers shall, by reason of a change of residence within the Commonwealth, be disqualified from voting for such officers in the city or town from which he has removed his residence until the expiration of six calendar months from the time of such removal, but this provision does not apply to a person's right to vote for city officers. Consequently, after the state election, the names of several hundred voters who changed their residences from this city to some other place were stricken from the voting list.

JURORS.

The same procedure in preparing the jury list has been practiced as in former years. Not only is this list thoroughly investigated by the police, under the direc-

tion of the Police Commissioner, in accordance with the general lines agreed upon between this department and him, but also a most thorough investigation has been made by the clerks of this office in the various courts of the City of Boston to the end that all persons in any sense unfitted for jury service may be eliminated from said list.

MEMBERSHIP OF THE BOARD.

The term of John M. Minton, Esq., expired March 31, 1910, the law having been changed so as to make the term of an Election Commissioner begin April 1 instead of May 1. He was reappointed for the term of four years ending March 31, 1914, and approved by the Civil Service Commission. He immediately assumed the duties of his office. He was designated by the Mayor as chairman of the Board of Election Commissioners and member of the Listing Board.

ESTIMATE FOR THE ENSUING YEAR.

In a communication to his Honor the Mayor we submitted our estimate of the expenses for the ensuing year, giving an itemized statement of the same, which showed that the sum of \$144,002 would be necessary.

EXPENSES OF THE DEPARTMENT.

Salaries, commissioners:

John M. Minton	\$4,000 00

ELECTION STATISTICS.

The following pages show in tabulated form the number of persons listed, registered male and female voters and the votes cast in Boston at the state primary and the state and city elections.

INVENTORY.

An inventory of the property of the department is also included in the following pages.

Respectfully submitted,

JOHN M. MINTON,
MELANCTHON W. BURLIN,
ALPHEUS SANFORD,
EDWARD A. McLAUGHLIN,
Board of Election Commissioners.

INVENTORY OF PROPERTY BELONGING TO THE ELECTION DEPARTMENT.

- 102 Voting booths, made of corrugated steel, built in 1897 and 1898: 23 are stored on D street, South Boston; 19 on K street, South Boston; 27 on Ritchie street, Roxbury; 9 on Chelsea street, East Boston; 6 on Fire Department lot at Saratoga street and Byron street, East Boston, and 16 on Lexington street, Charlestown; 1 loaned to sanitary division of Public Works Department; 1 loaned to Fire Department, and located at house of Chemical No. 11; 1 on city lot at Vine Street Church.
- 47 Wooden voting booths, built in 1898, 1901, 1903 and 1905 as permanent structures and located as follows: 16 on D street, South Boston; 12 at K street, South Boston; 14 at Ritchie street, Roxbury, and 5 on leased lots in the city.
- 34 Wooden booths, known as "knock-down" booths, all located on leased lots throughout the city.
- 1 Permanent wooden voting booth erected in school yard at Tileston school, Dorchester.
- 1 Steel voting booth, "knock-down," permanently located at South street sewer yard, Jamaica Plain.
- 1 Wooden voting booth permanently located at Reservoir lot, East Boston.

The above booths when not in use are on lots at present time. To each booth belongs railings and voting compartments, tables, chairs, stove and other necessary furnishings and voting paraphernalia. The department now owns 1,700 chairs, 690 tables, 530 voting compartments and 1,090 wooden horses for the same, 250 stools for ballot boxes, 198 counting boards, 188 stoves, 1,325 leatheroid boxes, 1,670 canvas envelopes, and the required lamps, coal hods, shovels, pokers, coal barrels and other minor equipment for the voting booths.

- 185 Federal ballot boxes, used at elections.
- 25 United States ballot boxes, comparatively new, used for primaries and elections as extras.
- 25 Standard ballot boxes, formerly used at caucuses, and now used as "extras" at primaries and elections.
- 29 Acme ballot boxes, constantly in need of repairs, 6 of which are regularly used at elections and the balance as "extras."
- 9 Gravity ballot boxes.
- 4 Improved Federal ballot boxes.
- 3 Hub ballot boxes.
- 2 Dean ballot machines.

All the above ballot boxes are kept in the basement room in the Old Court House. At the storehouse in South Boston are 240 old ballot boxes, not answering the present requirements of law, but placed at each polling place at elections for temporary use in case of emergency; also 108 old receiving ballot boxes not now of any available use.
